

# Upcoming measures to curb a resurgence of COVID-19

July 8<sup>th</sup>, 2021

Kyoto Prefectural Government

## Requests to prefectural citizens and businesses to curb a resurgence of infections

- Status of infections in the prefecture (as of July 7<sup>th</sup>)
    - The number of newly infected people from July 1st to July 7th is 16.29 people / day, and 4.41 in every 100,000 people.
    - By age group, the number of infected in their 20s and under increased to 48.6%. However, the number of elderly people is decreasing (over the last 2 weeks: 6/23 –7/6)
    - By infection route, family members living together accounted for the largest percentage at 42.1%, followed by infections at work (over the last 2 weeks: 6/23 - 7/6)
    - Regarding clusters, infections at business establishments and workplaces, and by dining with large groups are the largest cause.
- As we approach the summer period, we need to be vigilant following increased contact chances, and understand the possibility for infection is at its highest. In order to curb a resurgence of infections, we request the citizens of the prefecture and businesses to abide by the following.

### 1 Request based on Article 24, Paragraph 9 of the Special Measures Law

#### (1) Refrain from travel

- Avoid cross-prefecture travel such as non-essential and non-urgent visits home. In particular, refrain from non-essential and non-urgent travel to and from areas where emergency measures and stronger measures are being implemented, and to areas where infections are spreading.
