• Do not make a double booking!!

If you make a reservation at your municipal government or the Self-Defense Forces Osaka Large-scale Vaccination Center and at the Kyoto Prefectural Large-Scale Vaccination Venue at the same time, please cancel one of these reservations immediately.

If you make a double booking, the vaccine prepared for you will be wasted. Thank you for your cooperation.

Please note that information such as the vaccination coupon number for those who have made a reservation at the large-scale vaccination site in Kyoto Prefecture will be provided to the municipalities in the prefecture to prevent double reservations.

In addition, those who have been vaccinated at the large-scale vaccination site in Kyoto Prefecture cannot receive a vaccination managed by the municipal government or the national government.

- After the first shot, a second shot is required at an interval of 4 weeks!

At the large-scale vaccination site, after the first vaccination, the second vaccination reservation can be made at the same venue on the spot.

In principle, the second vaccination will be reserved at the same time on the same day of the week for four weeks later.

- When the reservation is completed, please make a note of the reservation date, time and the place of the vaccination!

- If you have received a vaccination through this arrangement, please check the section that is titled "Please read if you have reserved vaccination"

⑦ Free shuttle bus to/from the large-scale vaccination sites in Kyoto Prefecture

Kyoto Prefecture will be operating a free shuttle bus that can be used by those who have made a vaccination reservation at the large-scale vaccination site in Kyoto Prefecture.

※Only those who have made a reservation, and those who will accompany them, at a large-scale vaccination venue managed by Kyoto Prefecture are eligible to use this shuttle bus system.

※The shuttle bus must be reserved separately from your vaccination reservation. A vaccination reservation does not automatically secure a shuttle bus reservation. Those who do not have a reservation cannot board the shuttle bus.

※We will only be operating based on the decided routes.

⑧ How to reserve a free shuttle bus to the large-scale vaccination site in Kyoto Prefecture

Reception hours: From 9:00 am on each reservation start date, 24 hour support following these times (including Saturdays and Sundays)

(The reservations can only be made in Japanese.)

* Reservations are accepted until 17:30, 3 days before the date you wish to ride the shuttle bus.

• Arriving at the Sanga Stadium : Free shuttle bus reservations can be made here

• Arriving at Keihanna Plaza : Free shuttle bus reservations can be made here

• For reservations via call center (Shuttle bus)

Reception hours: 9:00 to 17:30 (including Saturdays and Sundays until June 20th, after this date only weekdays are open) (Reservations can only be made in Japanese)

Telephone number : 050-3646-4560

* Reservations are accepted until 17:30, 3 days before the date you wish to ride the shuttle bus. (If 3 days before is during a weekend or holiday period, the closing day will be 1 day prior to the weekend or the holiday.)

* When calling the service, please check the number is correct to avoid mistakes when dialing.

* The line is expected to be incredibly busy on the start date for reservations. Buses are not on a first-come, first-served basis.

If you have made a reservation by the designated deadline, we will increase the number of available buses temporarily so that everyone who has reserved can board, so please don't worry if the lines are busy and simply try calling again later.

< Information needed at time of booking >

- Boarding date, boarding place, name of the route for round-trip (please ask for more details when calling for a ticket)
- Name, gender and presence of an attendant
- Your phone number
- Address (your municipality)

* The call center does not issue bus reservation receipts, so please make a note of your reservation details yourself.

* Reservations will be accepted until 17:30, 3 days before the date you wish to ride the shuttle bus. (If 3 days before is during a weekend or holiday period, the closing day will be 1 day prior to the weekend or the holiday)

⑨ Free taxi shuttle between Hosono Station and Keihanna Plaza (no reservation required)

We will operate a free taxi shuttle service that will run every 5 minutes from Hosono Station to Keihanna Plaza, which can be used by those who have made a vaccination reservation at the large-scale vaccination venue in Kyoto Prefecture.

* Only those who have made a vaccination reservation at a large-scale vaccination venue conducted by Kyoto Prefecture and their attendants are eligible to use this service.

* Reservations are not required for the free taxi shuttle service.

⑩ What to bring on the day of your vaccination

- Vaccination coupon
- Preliminary examination slip (please fill this in advance and bring it with you)
- Identity verification documents (driver's license, health insurance card, etc.)

* If you have a medicine notebook, please bring it with you.

⑪ Please be sure to read the following if you have made a reservation for a vaccination

- Notes for the day of vaccination
 - If a "storm warning" or "special warning" is announced in Kameoka City and Seika Town respectively, vaccinations will be canceled.
- Regarding the implementation of the morning session, if such an announcement is made by 7:00 am, it will be canceled
- Regarding the implementation of the afternoon session, if such an announcement is made by 10:00 am, it will be canceled

In addition, if it is decided to set up an evacuation center due to an emergency, it will be canceled at that point.

- Please do not arrive at the venue too early in order to prevent crowding and possible infections. Vaccinations cannot be received before your allotted time. Also, even if you arrive early, you may not be able to be seated in the waiting area.
- At large-scale vaccination venues, after the first vaccination, a booking for your second vaccination at the same venue will be done on the spot. As a general rule the second vaccination will be reserved at the same for the same day of the week for four weeks later.
- What you need to know when receiving your vaccine
 - Check whether you have a fever or not before heading to the inoculation site.
 - Please wear short sleeves (Injections are usually made into the deltoid muscle of the upper arm)
 - After receiving the vaccine, you will undergo a period of health monitoring at the inoculation site for 15 or 30 minutes.
 - Please watch the following video before your vaccination (see the URL below) (Japanese version only), in it we have summarized the precautions for mass vaccinations and the flow of the events for the day in the video.
